

MODEL - AMC 310 INK

The AEROMEK Rotary Automatic Marking Machine is expressly designed to mark in colour all types of rigid PVC Pipes during extrusion process.

The AEROMEK Machine do not have any induction motor to drive (Optional Motor Driven Models are available). Scope of marking by AEROMEK Machine Model No. AMC-310 INK is 10mm to 315mm outside diameter of pipes. The marking is done at every one meter or half by ink on the Pipes by using polymer stereotypes fixed on marking wheel. Machine is very economic per printing due to easily available polymer stereotypes.

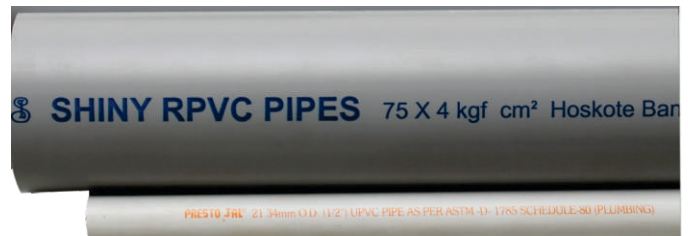

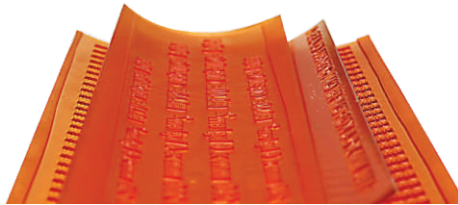

Placement of the machine

SPECIFICATIONS

Characters (Stereos) size maximum 15mm.
Dimensions : H-1.5m X W-0.7m X D-0.8m.
Total weight approximately 150 Kgs.
Power : No Power

Rubber Stereos
