

MODEL - AMC 210 DPM

The AEROMECH Automatic Marking Machine is expressly designed to mark drip pipes at high speed up to 110 m/min during extrusion process.

The AEROMECH Machine AMC 210DPM has induction motor to drive, with the automatic speed synchronisation in respect to the speed of pipe. Scope of marking by AEROMECH Machine Model No. AMC-210DPM is 10mm to 32mm outside diameter. Machine is equipped with special arrangement to avoid the damage on drippers. The marking is done at every one meter on the Pipes by using PANTOGRAPHED BRASS / SS STEREOS (STAMPS) fixed on the heating wheel. The stereos are heated by using Electronic percentage differential circuit which adjusts the temperature.

SPECIFICATIONS

Characters (Stereos) size maximum 6 mm..

Dimensions : H-1.5m X W-0.9m X D-0.8m.

Total weight approximately 210 Kgs

Stereos

Placement of the machine
